3.4.7. Spread of traditional gender roles and stereotypes	66
3.4.8. Crime	66
3.4.9. Gender aspects of violence in Russia	66
3.4.10. Participation of women and men in decision-making	67
3.5. Prospects for achieving the MDG goal to “Promote gender equality and empower women”: development scenarios	68
3.6. MDG performance monitoring and proposed indicators	69
3.7. Conclusions and recommendations	70
Box 3.1. Legal environment for implementation of the gender equality principle	59
Box 3.2. Russia’s accession to the WTO: assessment of gender impact	69
Box 3.3. Gender aspects of pension reform	70
Box 3.4. The official view of gender issues in the Russian Federation	72
Chapter 4. Reducing child and maternal mortality. MDG+ for health	74
4.1. Introduction: demographic situation in the Russian Federation	74
4.2. MDG 4, Target 5. Reduce by two thirds, between 1990 and 2015, the under-five mortality rate	75
4.2.1. Introduction: target under-five mortality level for Russia in 2015	75
4.2.2. Under-five mortality: comparing across countries and time	76
4.2.3. Exploring under-five mortality in Russia	77
4.2.4. Range of strategies to reduce under-five mortality	77
4.2.5. Potential effect of achieving MDG 4	79
4.2.6. Feasibility of achieving MDG 4	79
4.2.7. Suggestions for indicators	80
4.2.8. Conclusions on MDG 4	81
4.3. MDG 5, Target 6. Reduce by three quarters, between 1990 and 2015, the maternal mortality ratio	81
4.3.1. Introduction: target maternal mortality level for Russia in 2015	81
4.3.2. Defining and measuring maternal mortality	81
4.3.3. Maternal mortality: comparing across countries and time	82
4.3.4. Exploring maternal mortality in Russia	83
4.3.5. Strategies needed to achieve MDG 5	86
4.3.6. Potential effects of achieving MDG 5	87
4.3.7. Feasibility of achieving MDG 5	87
4.3.8. Suggested indicators for monitoring MDG 5	87
4.3.9. Conclusions on MDG 5	88
4.4. What goals for health does Russia need and how can avoidable adult mortality from non-communicable diseases be prevented?	89
4.5. Conclusions and recommendations	90
Box 4.1. Defining and measuring under-five mortality	75
Box 4.2. Issues of terminology and data	77

Contents

Box 4.3. “Yes” to reform of primary medical care, “No” to exclusion of pediatricians from the primary level	78
Box 4.4. Distribution of birth weight in Tula Region (2000) and Sweden (1998)	79
Box 4.5. The official view on maternal and infant mortality issues	84
Chapter 5. Combating HIV/AIDS, malaria and other diseases	94
5.1. Analysis of the situation in Russia	94
5.1.1. HIV/AIDS	94
5.1.2. Other major diseases	97
5.2. Combating HIV/AIDS and other major infectious diseases in Russia	98
5.2.1. Analysis of current actions	98
5.2.1.1. HIV/AIDS	98
5.2.1.2. Tuberculosis	100
5.2.2. Adaptation of targets and indicators of Goal 6 to Russian conditions	101
5.3. Possible scenarios and target progress indicators	102
5.4. Monitoring of progress towards MDG 6	104
5.5. Conclusions and recommendations	104
Box 5.1. Russia’s efforts to achieve Goal 6 of the UN Millennium Development Goals: “To have halted by 2015, and begun to reverse, the spread of HIV/AIDS”	101
Chapter 6. Ensuring environmental sustainability	108
6.1. Problems of ensuring sustainable development	108
6.2. Tasks for ensuring environmental sustainability for Russia	113
6.2.1. The outlook for sustainability based on Russian Government action	113
6.2.2. Adaptation of targets and indicators of Goal 7 to Russian conditions	114
6.3. Scenarios and target indicators for transition to sustainable development	118
6.3.1. Environmental sustainability of economic development scenarios	118
6.3.2. Target reference points for the MDG indicators	121
6.4. Monitoring of progress to Goal 7 and necessary conditions	124
